OUR CORE VALUES

Unconditional Love

We strive to be people who can embody True (unconditional) Love and believe that True Love is the strongest force in the universe.

Authenticity

We strive to be people who honor our word, and experience a freedom to be truthful about it when we don't.

Unified Diversity

We honor and celebrate the diverse cultures of our families. We believe that truth can come from many sources.

Family

We believe that family is the most important unit of society and the place where we learn to love.

A Big Mission

We believe that we have a big mission in this world. What others say is impossible we not only see as possible but we run full speed ahead towards it.
